Assistant Administrator Freedhoff:

Today, PEER filed a Congressional disclosure to Rep Khanna's office presenting evidence from four EPA scientists that we represent. The disclosure outlines disturbing evidence of fraud and corruption in OCSPP, involving deliberate tampering with chemical risk assessments conducted under TSCA, including PFAS, and the deletion of potential health effects without the knowledge or consent of the human health assessors.

We have also sent the information to the EPA IG. Attached you will find that disclosure.

Thank you for your attention to this matter and your willingness to address this issue.

Sincerely,

Tim Whitehouse, JD, MA
